CommuniCare

We are closing out the first fully remote year of CommuniCare! Brighter skies are on the horizon, and nothing can stop us from recognizing the 900 amazing student grantmakers who are giving out over \$550,000 in grants this spring.

This year challenged each of us to dig deep. While it was certainly a school year for the books, I am so moved by all of the participants, teachers, and nonprofit representatives who found connection, shared purpose, and joy in giving back through philanthropy.

This broadcast is a love letter to our communities – a celebration of everything and everyone who makes Oregon special. So, let's close out the year together in style with a trip across our state, visiting with four grantmaking groups who can't wait to tell us about where they live and the impact of their grants.

"Despite the COVID-19 pandemic, more than 900 Oregon students participated in the CommuniCare program this year, identifying the causes and needs in our communities that will make the lives of our fellow Oregonians better. CommuniCare students awarded almost \$600,000 in grants to over 100 nonprofits. We are so proud of their efforts and congratulate them on their hard work!"
